WATCHING THE LECTURES AND TAKING THE MCQS

1. After entering the prefix and code you should be taken an instruction screen asking you to go to your dashboard. Go to your dashboard, or alternatively go to your dashboard via the icon in the top WOPEC browser bar.

2. On your dashboard you can see every learning event you have done with us. Scroll down and find the LOCSU Cataract Services course.

3. Go to LOCSU Cataract Services and click on the blue ‘Watch’ icon for the video lecture you wish to view. This will start the video automatically in a few seconds (please be patient). There is also a ‘Take MCQs’ option but note that only the question number and answer buttons are visible.

4. During each lecture the MCQs will appear at various points in the presentation. You can choose to answer the questions or skip them. If you answer them and click ‘submit answer’ you cannot withdraw your answer. If you choose to skip then you can come back at any time, re-watch the lecture and answer them. Please ensure that you have either clicked an answer or clicked skip.

5. Alternatively you can write down the answer number and whether you have chosen answer a, b, c or d and input those answers by clicking the ‘Take MCQ’ text next to the lecture in your dashboard.

6. Once you have finished all the MCQs for each lecture then you will be notified if you have passed or failed at the very end of the lecture. If you have passed you will be sent confirmation about your CET points in due course.

7. If you have skipped any questions or not entered an answer, at the end of the lecture it will inform you that the answers are incomplete and you should re-watch the lecture and answer the questions.
