

## New contact details for your primary care support services

Dear Colleague,

From today we will be relocating all the services delivered by our Darlington PCSE office.

### **New contact details**

The ophthalmic payments service moved from our Darlington office in May 2016. As a reminder, the new contact details you should use to access your payments service are as follows:

- **Email:** [PCSE.enquiries@nhs.net](mailto:PCSE.enquiries@nhs.net) (*Please put the service you are contacting us about in the Email Subject Line to help us direct your query as efficiently as possible.*)
- **Phone:** 0333 014 2884
- **PO Box:** Primary Care Support England, PO Box 350, Darlington, DL1 9QN
- **Web:** [www.pcse.england.nhs.uk](http://www.pcse.england.nhs.uk)

All GOS claim forms should be sent to the Darlington address above, which is a secure storage and distribution facility. If you would like to courier your forms to us, please email [PCSE.enquiries@nhs.net](mailto:PCSE.enquiries@nhs.net) for the details as there is a separate address for courier firms to use.

There are no changes to claim form submission dates.

Domiciliary notifications can be emailed (from an nhs.net email address), posted or faxed to us.

**This email update has been sent to the Main Contact we hold for each practice, so please share with your colleagues.**

Best wishes  
Primary Care Support England
